🔗 Eslam Nassef

Summary

Passionate front-end developer with a love for coding and a fast learner, skilled in responsive web design and user experience optimization. Proficient in HTML, CSS, JavaScript, and libraries like Tailwind, jQuery, GSAP, and AOS. Transitioned from a legal background through Route Academy certification, with hands-on experience in building dynamic web applications. Seeking a junior front-end development role to create intuitive, visually appealing interfaces.

Education

Ain Shams University *BS in Law*

Sept 2016 – May 2020

Certifications

- Front-End Web Development, Route Academy, 2025

Projects

Yummy

[Code link](#) 🔗
